

403(b) Plan Information for Employees

Who is TSACG?

TSA Consulting Group, Inc. (TSACG) provides a variety of services to public education employers that relate to the compliance and administration of 403(b) and 457 retirement plans. The Internal Revenue Service recently issued new regulations regarding 403(b) plans which significantly increase the administrative and reporting responsibilities of plan sponsors (your employer). These requirements include making the plan sponsor responsible for the review and approval process of any transaction made to any account that is a part of the sponsored 403(b) plan.

In response to these requirements, your employer has contracted with TSACG. On behalf of your employer, TSACG will be responsible for the approval process of transactions such as Distributions, Enrollment, Exchanges, Transfers, 403(b) Loans, and Rollovers. Upon reviewing submitted paperwork to ensure that the transaction complies with IRS regulations, TSACG will forward approved paperwork to your authorized provider who will complete the transaction by disbursing funds directly to you or directly to an account specified by you.

The goal of TSACG is to efficiently facilitate the process for you, the participant, as well as your employer, the plan sponsor, and your product provider. We have listed below the steps for enrolling in the plan, as well as steps required for approval of transactions that you may wish to have processed. **Carefully reviewing this information and submitting the correct, completed documentation will help ensure that your request will be processed as quickly as possible.** If you have questions while preparing documentation, a TSACG representative can be reached at 1-888-796-3786. Information is also available by visiting our website, <https://www.tsacg.com>. Please note that TSACG is not an investment product provider and we cannot give investment advice. For questions regarding your investments, please contact your product provider or financial advisor.

Participation in your 403(b) retirement plan:

Getting Started

To enroll in your employer's Supplemental 403(b) Retirement Plan, you must do the following:

1. Select the company(s) you wish to invest with, and
2. Establish an account with that company
3. Complete a "Salary Reduction Agreement" (SRA) form, which authorizes your employer to withhold the amount you elect to contribute to your 403(b) via payroll deduction. Your employer will forward the contribution to the investment company on your behalf.
4. Return the completed SRA form to the department designated by your employer....or for employers who have elected to have TSA process the SRA forms, please return the forms to TSA prior to the cut-off date for which you wish deduction to begin.

The "Salary Reduction Agreement" form can be downloaded from TSACG's website, <https://www.tsacg.com>. A list of authorized product providers and their contact information can also be found on your districts' Web page on the same website.

Important-You MUST establish an account with your selected provider prior to the date you begin the Salary Reduction. If the account has not been properly established, your contributions will be returned to you and will be taxable. Verifying that account has been established before submitting the SRA will expedite the process and help to avoid having funds returned to you.

Change(s) or Stopping

A new Salary Reduction Form must also be completed any time that you wish to:

- Change your product provider
- Change the allocation between providers
- Change the amount of contribution
- Change between contributing a dollar amount or percentage of salary
- Stop your deduction or restart your deduction after a stop
- Designate contributions as Roth (post-tax contribution)

Remember that all SRA forms must be submitted to your plan sponsor or TSA Consulting group if applicable by the cutoff date for the payroll for which you wish the change to be effective.

Each product provider requires their own form to be submitted. Important: If your rollover or withdrawal request is due to the qualifying event of separation from service your termination date must be verified by your employer. Including a copy of a termination letter from your

employer that verifies the date will help to expedite your request. Failure to include this information may result in delays in processing, as TSACG will have to request termination date verification from the employer and await response in order to process your request.

Transfers:

As of January 1, 2009, participants may only exchange their accounts among the authorized providers in the employer's 403(b) Plan.

After verifying that the selected new provider is a current authorized provider, you must complete any forms required by the provider (usually supplied by the new provider), as well as a Transaction Routing Request form. All completed forms should be submitted to TSACG for processing.
