

Courseware

Digital curricula to help students reach graduation goals

Unlock paths to graduation with dynamic, mastery-based curricula for grade 6 through adult learners designed to fuel first-time credit, credit recovery, and expanded course access. Our robust catalog comprises core, Advanced Placement®, career and technical education, elective, and world languages courses.

Students Stay Motivated

Students receive explicit instruction, deliberate practice, and ongoing scaffolding with access to interactive instructional tools.

Teachers Keep Students on Target

Teachers meet district requirements with customizable courses aligned to state standards and use data tools to easily report on pacing, progress, and performance.

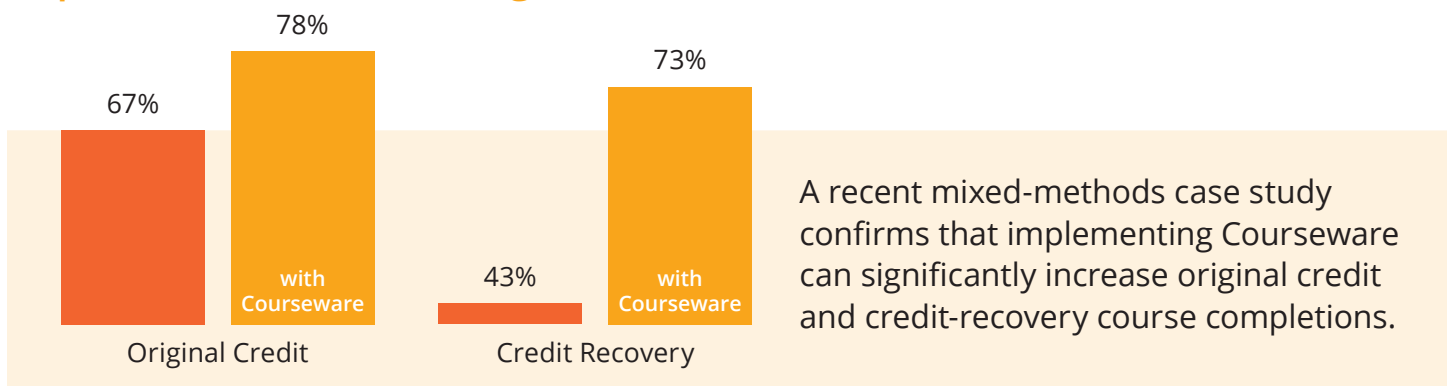

Administrators Remove Barriers

School and district leaders expand course access to advance learning equity and provide flexible options to earn quality credits toward graduation.

Prepare Students for Postsecondary Education or the Workforce

Whether your students need to catch up, stay on track, or get ahead, Courseware provides effective blended or virtual programs with the depth, breadth, and rigor to help them unlock learning opportunities. Our catalog depth (500+ courses) is matched only by our quality, with several state and agency approvals, including Quality Matters, College Board, and California "a-g."

Improved Student Learning Outcomes

Courseware's efficacy-backed curricula are grounded in sound instructional design and use a mastery-based approach to meet all students at their individual levels. Each curriculum delivers media-rich experiences, including project-based learning activities to support active, engaged long-term concept retention.

Meeting Goals Together

Your target outcome is our top priority. Here's how we'll get there:

Establish objectives for your credit-bearing program.	Identify curricular priorities and create an implementation plan.	Increase mastery of progress and pacing tools to customize learning.	Measure success against course completion and graduation goals.
