Dear Parents and Guardians,

Thank you for partnering with us to support your students in our White Cloud Virtual School Program. Every year, we hope to walk alongside your students, finding ways to support and coach them as they complete their education through online virtual learning. In the spirit of defining the partnership between parents, students, and teachers in our virtual program | would like to offer the following statements that we all will agree to:

Count of White Cloud Virtual School to…

- Provide a quality and accessible space for your student to come in and complete their assigned classwork.
- To communicate high expectations for each student, to encourage every student to complete their work, to challenge each student to learn and grow to the best of their ability.
- To listen to every student, help every student find solutions to issues, and to partner with every student to give them the best possible opportunity to learn
- To provide structure and boundaries in our virtual labs so the learning environment is maintained.
- To keep your students' information between us, and to only share information with qualified professionals within our White Cloud School building who share your child's best interest.
- To respond to your emails, phone calls, Edmentum messages, Remind texts, and any message in a timely and responsible manner

The White Cloud Virtual School counts on you to…

- Partner with us to help ensure your child maintains adequate progress and stays on track to pass classes each day.
- Help create schedules for your child and provide structure at home so your child has time to work on classes every day.
- To assume the responsibility of transportation for your child, ensuring your child gets to all mandated virtual lab days, and has adequate time in the virtual lab to complete assignments/tests/quizzes.
- To keep us informed through regular and consistent communication, and to keep us updated with any changes to yours or your child's information.

Your child's success will be dependent on a strong partnership between our program and you. As we work with you together as a team to support your child this year, I always welcome any questions or comments about how we can count on each other. I look forward to a successful year together!

Warm Regards,

Venessa Andersen
