## **EQUAL EDUCATION OPPORTUNITY**

It is the policy of this District to provide an equal education opportunity for all students. Any person who believes that s/he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin, while at school or a school activity should immediately contact the School District's Compliance Officer Ed Canning, Superintendent, 231-689-6591.

## **PARENT INVOLVEMENT**

The Board of Education recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children

generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the District policy, as well as the Parent and Family Engagement policy for each school in the District.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development, and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental Involvement Plan by which a school-partnership can be established and provided to the parent of each child in the District. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the Board's commitment to the following:

**A. Relationships with Families**

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools;1,2
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;1,2
4. providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities.2

**B. Effective Communication**

1. providing information to families to support the proper health, safety, and well-being of their children;
2. providing information to families about school policies, procedures, programs, and activities;1,2
3. promoting regular and open communication between school personnel and students' family members;
4. communicating with families in a format and language that is understandable, to the extent practicable;1,2
5. providing information and involving families in monitoring student progress;2
6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions;1,2
7. preparing families to be involved in meaningful discussions and meetings with school staff.1,2

**C. Volunteer Opportunities**

1. providing volunteer opportunities for families to support their children's school activities;2
2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family involvement events.2

**D. Learning at Home**

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school;1,2
2. working with families to establish learning goals and help their children accomplish these goals;

3. helping families to provide a school and home environment that encourages learning and extends learning at home.<sup>1</sup>

#### **E. Engaging Families in Decision Making and Advocacy**

1. engaging families as partners in the process of school review and continuous improvement planning;<sup>2</sup>
2. engaging families in the development of its District-wide parent and family engagement policy and plan, and distributing the policy and plan to families.<sup>1,2</sup>

#### **F. Collaborating with the Community**

1. building constructive partnerships and connecting families with community-based programs and other community resources;<sup>1,2</sup>
2. coordinating and integrating parent and family engagement programs and activities with District initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development.<sup>1,2</sup>

### **Implementation**

The Superintendent will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the District's continuous improvement, and individual school improvement plans. The District's plan, as well as each school's plan, will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's content, effectiveness and identification of barriers to participation by parents and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Evaluation findings will be used in the annual review of the Parent and Family Engagement policy and to improve the effectiveness of the District plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

## **CONTROL OF NON CASUAL-CONTACT COMMUNICABLE DISEASES**

In the case of non casual-contact, communicable-diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Noncasual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Humanimmunodeficiency), HAV, HBV, HCV (Hepatitis A, B, C); and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

You must complete and return the Parent Request for Student Permission to Drive to the Career Tech Center registration form with approval from the building principal. This form is available in the office. No passengers are allowed (an exception will be made for siblings). Due to safety, students are encouraged to use district provided transportation to and from the CTC. Students should only drive when absolutely necessary. Failure to follow this policy will result in disciplinary actions up to and including loss of driving privileges.

**EARLY DISMISSAL**

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent or a person whose signature is on file in the School office or the parent coming to the school office to request the release. No student will be released to a person other than someone on the emergency contact list without written permission signed by the custodial parent(s) or guardian. A phone call (231-689-1705) or an email for permission is acceptable. Text messages and/or social media messages will not be accepted.

This includes field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities.

The Emergency Medical Authorization Form is provided at the time of enrollment and at the beginning of each year. Failure to complete and submit the form will jeopardize a student's educational program.

**ENROLLING IN SCHOOL**

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document,
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate),
- C. proof of residency,
- D. proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. The Jr/Sr High Secretaries will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

### **ENTERING AND LEAVING THE BUILDING**

Students who attend lab hours at the center will enter and exit by way of the H16 entrance located at the east end of the Jr. High wing. Parking is available in the lot behind the building. Students will need to notify the instructor and the instructor will meet them at the door.

WCVS students may only be in the lab and in the hallway to the restroom. The rest of the building is considered closed and is off limits.

Once a student leaves the lab there is no re-entry. Students will need to come in and complete the given objective (studying/working/testing) prior to leaving. If a student is walking, there will need to be some form of parental communication as to the time the student leaves. (Written note, phone call, text message) Jr High students will need to be signed out by an adult. This is to help ensure student safety

## **FIELD TRIPS**

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extracurricular program. No student may participate in any school-sponsored trip without parental consent. Attendance rules apply to all field trips.

## **FUNDRAISERS**

All clubs or class fundraisers must be initiated through the administration by the end of the third week of school.

## **GYM & LOCKER ROOMS**

Students are NOT to be in the gyms unless scheduled for a class in the gym.

## **HEARING AND VISION SCREENING**

The local health department is required by law to provide hearing and vision screening to pre-school and school age children. Technicians are in the schools providing this service at certain grades throughout the students' school experience. If a parent/guardian does not wish to have their child screened for vision and hearing, please notify the school.

## **IMMUNIZATIONS**

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the main office at 231-689-1705.

## **INDIVIDUALS WITH DISABILITIES**

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal (IDEA) and State law. Contact the Principal at 231-689-1705 to inquire about evaluation procedures and programs.

## **INQUIRY**

School administrators may question students at any time throughout the course of the normal school day without the presence or notification of the student's parent or legal guardian. If law enforcement personnel wish to question students at school during school hours, the school will attempt to contact the student's parents or legal guardian by phone at the numbers listed by the parent/guardian as their regular and emergency phone numbers. In cases where parents do not have a phone, the school will make an attempt to contact the parent by calling emergency numbers on file in the office. This effort to contact parents shall be considered by the school system to constitute a reasonable attempt to notify. The parent has the responsibility to provide updated and accurate information whenever phone numbers, addresses, or emergency numbers are changed. If the school is unsuccessful at parent notification, a school principal or designee will be present when the student is interrogated at school by law enforcement officer(s).

## **LIMITED ENGLISH PROFICIENCY**

Limited proficiency in the English language should not be a barrier to equal participation in the lunch instructional or extracurricular programs of the District. It is, therefore, the policy of this District that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining

English proficiency and in accessing the educational and extracurricular program offered by the District. Parents should contact the Superintendent at 231-689-6591 to inquire about evaluation procedures and programs offered by the District.

### **LOCKER POLICY**

To maintain order and discipline in the schools and to protect the safety and welfare of students and school personnel, school authorities may search a student, student lockers, and desks under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search. Student lockers and desks are school property and remain at all times under the control of the school district; however, students are expected to assume full responsibility for the security of their lockers and desks. Students should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials. Periodically, school authorities for any reason may conduct an inspection of lockers and desks at any time without notice, without student consent and without a search warrant.

A student's failure to permit searches and seizures as provided in this policy will be considered grounds for disciplinary action. A student's person and/or personal effects (i.e., purse, book bag, athletic bag) may be searched whenever there is reason to believe a student is in possession of illegal or unauthorized materials. Such findings shall be turned over to proper legal authorities for ultimate disposition.

In an effort to keep the school and district premises free of drugs, school authorities may use specially trained dogs to sniff out and alert staff to the presence of illegal controlled substances in school lockers and in student's vehicles parked on district premises.

Students are NOT to visit their lockers during class periods unless they have a pass. THE PROTECTION OF PERSONAL PROPERTY IN YOUR LOCKER IS YOUR RESPONSIBILITY, NOT THE RESPONSIBILITY OF THE SCHOOL.

### **LOST AND FOUND**

If a student loses an article, he/she should check immediately with the office to either report his/her loss or to retrieve the lost article. If a student finds an article that does not belong to him or her, it should be turned into the office immediately. Unclaimed articles may be donated to charity.

The Media Center is not a place to gather for socializing, but a place to gather knowledge and to wisely use the materials provided. The school media center will be available to the students during lunch times, with staff supervision during a class period. Students will be responsible for the timely return of borrowed materials. The Media Center will charge students for overdue materials, and lost or damaged materials.

### **MEDICATIONS**

A student may possess and self-administer an inhaler for the prevention and/or relief of asthma symptoms if the following conditions are met:

1. There is written approval from the student's physician or other health care provider and the student's parent/guardian to possess the inhaler; and
2. The building administration has received a copy of the written approvals from the physician and the parent/guardian.

The school district or a school district employee is not liable for damages if an employee prohibits the use of an inhaler by a student if it is the employee's "reasonable belief" formed after a reasonable and ordinary inquiry that the above conditions have not been satisfied.

If your student needs to carry an inhaler at school, this policy must be followed as the law dictates. There will be no exceptions. Students with inhalers that have not met the criteria will have their inhalers confiscated and parents will be notified. Parents are encouraged to keep an extra inhaler at school in the office or health room in case of an emergency. If you have any questions, please contact the building principal.

Medication must be brought to school by a parent/guardian. Written parental permission forms provided by the district shall be required prior to administering such medications, and must be completed annually and/or for each new prescription. The medications must be retained in the original container from the pharmacy when delivered to the district. Over the counter medication must be in a new, sealed container (Tylenol, Motrin, Excedrin, etc.); The allotted amount in the directions will be enforced. If Medication is not properly labeled, it will not be given. Except as provided by school policy, students may not possess prescription or non-prescription medications including over-the-counter drugs, such as aspirin, analgesics, cold medications, etc.

The people displaying a poster are responsible for removing the poster and tape from the wall.

### **PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS**

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan will be made available for inspection at the Board offices upon request.

## **REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES**

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the School. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

## **SCHEDULING AND ASSIGNMENT**

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the school counselor. Students may be denied course enrollment due to a lack of available space or the need to pass prerequisites. Students are expected to follow their schedules. Any variation should be approved with a pass or schedule change.

Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

For evening activities, students are requested not to report to the building prior to fifteen minutes preceding that activity. Students are to be out of the building twenty (20) minutes after a game, practice, or activities end. All activities are to be under the direct supervision of the teacher/sponsor.

## **SECLUSION AND RESTRAINT**

In 2006, the Michigan Department of Education, State Board of Education adopted "Supporting Student Behavior: Standards for the Emergency Use of Seclusion and Restraint." In December 2016, the State of Michigan adopted new laws restricting the use of seclusion and restraint in schools. MCL 380.1307 now states: It is the intent of the legislature that sections 1307 to 1307h [MCL 380.1307 to 380.1307h] shall provide for a uniform policy regarding the use of seclusion and restraint in the public schools that accomplishes the following objectives:

- Promotes the care, safety, welfare, and security of the school community and the dignity of each pupil.
- Encourages the use of proactive, effective, evidence- and research-based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all pupils.
- Ensures that seclusion and physical restraint are used only as a last resort in an emergency and are subject to diligent assessment, monitoring, documentation, and reporting by trained personnel.
- Clearly defines the terms "seclusion," "restraint," "emergency seclusion," and "emergency physical restraint," and clearly states the procedures for the use of emergency seclusion and emergency physical restraint.

## **STUDENT SERVICES AND ACTIVITIES**

### **ACTIVITIES AND OPPORTUNITIES**

Assemblies, class activities, clubs, plays, musical groups, publications and social activities all of these offer many opportunities for growth, recreation, hobby building, planning, executing leadership experience, and working with others.

These experiences are of great value to you. You should plan to take part in them. Your program of studies, athletics, and activities programs are all needed to make you a well-rounded person. Not only can you enjoy these activities, but also by taking part in them, you can be of service to your school.

## **ASSEMBLIES**

From time to time throughout the school year, programs are provided for individual enjoyment. These programs provide the opportunity to learn how to be an appreciative and courteous audience.

Students who do not conduct themselves properly in pep meetings or assemblies will be asked to leave. Students who demonstrate a lack of maturity may be refused the privilege of attending assemblies.

## **HONORS PROGRAM**

At the end of each year, an Honors Program is held to honor the top academic high school students in each department. These students are chosen by the teachers based on their academic abilities. Perfect attendance awards are also given. Students who have achieved College credit prior to their High School Graduation will be recognized. Each Spring, students will be responsible for turning in a copy of their college transcripts in order to be recognized at the Honors Program.

## **NATIONAL HONOR SOCIETY**

The National Honor Society is an organization of students who have demonstrated both academic excellence and positive leadership at the school and in the community in which they live, grades 9 -12.

1. Constitution: All chapters are governed by the national NHS constitution. Local needs and conditions are addressed through the chapter bylaws.
2. Administration: At the national level, the National Council and NASSP Board of Directors are responsible for administering the affairs of the NHS. Locally, the principal reserves the right to approve all activities and decisions of the chapter, except in the case of a dismissal appeal through normal school district channels. The chapter advisor is responsible for the day to day supervision of the chapter. The faculty council establishes, implements, and reviews selections and dismissal procedures.
3. Membership Eligibility: The NHS constitution provides eligibility for sophomores, juniors and seniors (10th, 11th, 12th grades). However, local chapters may decide to limit eligibility to one or a combination of these grade levels, in its bylaws. Freshmen are not eligible for the NHS membership.
4. Membership: Active members must maintain the standards by which they are selected and meet other obligations as determined by the chapter. Members become graduate members upon graduation. Adults in the school and community whom the faculty council determines merit such recognition may become honorary members. Foreign and handicapped students who do not meet all requirements may also be eligible for honorary membership.
5. Activities: The chapter annually determines and describes which activity project the group will undertake. All members shall participate in the chapter project and other projects that reflect their own interests and talents.
6. Meetings: Meeting times are specified in the bylaws. The chapter advisor and the chapter officers make up the executive committee and meet regularly to discuss chapter business and plan meetings.
7. Insignia: All insignia are available to official NHS members through the national office. Insignia may not be copied or used in an unauthorized manner.
8. Discipline/Dismissal: The chapter advisor monitors members for compliance with obligations. Members receive a limited number of warnings (determined by the faculty council) for infractions. For flagrant violations of civil law or school rules, no warning is necessary. A variety of disciplinary measures can be taken by the faculty council and advisor, with dismissal reserved for flagrant or chronic offenders. Members who face dismissal must be given an opportunity to address the faculty council regarding their infraction before they are dismissed. Dismissal is never automatic. The dismissal procedure must be described in writing and must be available to those who request it. Dismissal should be used sparingly by the faculty council. Other disciplinary measures (loss of privileges for specified amount of time, special counseling, etc.) are more appropriate for most situations. The emphasis in both selection and dismissal should be on developing and consistently using a clear, objective, fair and non-discriminatory process that is well understood by all concerned. Improving

communication about these matters will help avoid many of the difficulties encountered with students and parents in the past.

### **NATIONAL HONOR SOCIETY GUIDELINES FOR SELECTION**

The constitution provides clear guidelines for selecting members. Selection is based on four criteria: Scholarship, Leadership, Service and Character. To fulfill the scholarship requirement, students must have a 3.5 on a 4.0 scale, or the equivalent standard of excellence. Faculty counsels may also weight courses or require a certain number of prerequisite academic courses. Rules such as "no grades below a B" are not acceptable any longer. Qualified students are selected for NHS membership by a majority vote of the faculty council on the basis of scholarship, leadership, service and character. The faculty council develops working definitions of these criteria and provides some objective measure of a student's qualifications in each of these areas.

Although the faculty council should consider member recommendations in the establishing selection and dismissal procedures, it may not include students in the implementation of either process. Furthermore, students may not apply for membership. Membership is an honor bestowed upon a select group of students by the faculty council on behalf of the school faculty. Students who question the fact that they were not selected do not have the legal right to a hearing, but they and their parents/guardians should be given an opportunity to present their complaints to the principal or chapter advisor.

The principal may reconvene the faculty council if warranted by a procedural error (a name being inadvertently left off a list, a mistake in averaging, etc.). The selection procedure was determined by the faculty council and is as follows:

1. Sophomores, juniors and seniors with a minimum grade point average of 3.5 are eligible for consideration. Freshmen are not eligible.
2. Student's academic records will be reviewed to determine scholastic eligibility.
3. Students who are eligible scholastically will be notified and told that for further consideration for selection to the NHS chapter they must complete a Student Activity Information Form.
4. The Student Activity Information Form will be reviewed by a five-member faculty council, along with any other verifiable information about each candidate. Some faculty councils may interview candidates personally. Candidates receiving a majority vote of the faculty council will be inducted into the chapter.
5. The criteria the faculty council will use to base their selection are: Scholarship, Leadership, Service and Character.

### **NATIONAL HONOR SOCIETY APPEAL PROCESS**

1. Students need to submit a written request stating their desire to appeal or question the decision for non-selection. This should be submitted to the NHS advisor within one week of the informing of non-selection. If no request is submitted after one week, all records from the selection process will be destroyed. The appeal process will not be an option for the candidate.
2. After a written request is submitted, students will be asked to complete a self-reflection of why they think they were not inducted into the NHS chapter. This should be submitted within one week after the self-reflection was requested. Candidates will be encouraged to think about and consider the four pillars of NHS of Service, Leadership, Academics and Character.
3. Upon receipt of the self-reflection the Faculty Council can be asked to reconvene to consider the self-reflection and review the candidate's information again. This does not include the presence of the candidate or the candidate's parents.
4. After the Faculty Councils review, if the candidate is still unhappy with the council's decision the candidate can consult the principal to express their concerns. The principal can then convey the

information to the council to consider if they believe some technical or procedural mistake has been made. The ultimate decision of overturning the council's decision is still up to the council not the principal.

5. Next, the candidate can request a new or different Faculty Council be convened to review the candidate's request. The members of this new faculty can be appointed by the principal with the help of the NHS advisor. This request does not have to be granted and should occur in a very rare instance as membership in NHS is not a right.
6. If a non-selected student or his/her parents wish to challenge or appeal the principals and the Faculty Council's decision at this point, they should follow the school system complaint procedures.
7. If the council overturns the decision, the member will be asked to say the NHS pledge and sign the NHS membership book in the presence of at least 3 staff members and the HS principal. This meeting will be arranged within 2 weeks of the decision to induct the member after the appeals process has been completed.

#### Other Notes to Consider

- At no point in the appeal process is the candidate and/or the candidate's parents or guardians able to request the names of the Faculty Council or the staff comments to be released. These are held confidential and will remain so to hold the integrity of NHS and its selection process to a high standard.

### **STUDENT COUNCIL**

It is the goal of the school district that discipline should be a learning experience to the greatest extent possible. Certain behaviors may require that students be removed from the school environment for extended periods of time.

A student will be provided an opportunity for a hearing with the appropriate school administrator if the student or their parent /guardian indicate the desire for one. A hearing shall be held to allow the student and his/her parent/guardian to contest the facts which may lead to disciplinary action, or to contest the appropriateness of the sanction imposed by a disciplinary authority, or if the student and his/her parent/guardian allege prejudice or unfairness.

## **EXPULSION**

The law gives the community, through its school board, the right to exclude certain students from school. These students are recommended to the Board of Education by the administration. Every effort is made towards solving the student's problem. In those cases, when the school administration's efforts fail to produce positive results, or when a student's behavior is such that he/she presents a danger to others or is disruptive of the educational process, that student may be recommended for expulsion. Students who present a clear danger to others through breaking the laws of the state regarding the possession/sale of drugs, possession of dangerous weapons, and other offenses deemed serious by the administration may be immediately recommended for expulsion.

## **EXPULSION PROCEDURES**

Recommendation for the expulsion of a student from school shall be made to the Board of Education by the superintendent. Such action is generally taken upon recommendation of the principal. The principal's recommendation shall be communicated to the superintendent in writing, signed by the principal and accompanied by the student's cumulative file; except in cases stemming from extreme overt behavior, it is expected that parental conferences would have been held at the building level prior to the expulsion recommendation.

The following procedures shall be followed:

- A. The student shall be under suspension pending the recommendation of the superintendent to the Board and pending the Board's decision.
- B. The superintendent's recommendation to the Board shall be in writing. It shall include the essential elements that form the basis of the charge. Such written opinion shall be forwarded to all parties concerned. Efforts may be made by the school, but not guaranteed to provide alternate means by which a student under an extended suspension or expulsion may continue his education. Such opportunities may include evening classes, correspondence courses, special programs, or transfers to another class or school system.

## **IN-SCHOOL SUSPENSION (ISS)**

In order to create/provide a positive learning environment for all, students who continually disrupt class or refuse to follow classroom procedures will be sent to ISS. Students, who are sent to ISS two times within the course of the same day, will remain in ISS for the remainder of the day upon their second visit. Students will be required to complete a, "Time to Think" form upon each visit and prior to returning to class. Students who are removed from ISS for disciplinary reasons will be suspended or if the student is picked up early will be required to make up that time in ISS. Failure to complete these requirements will result in further suspension, parent meeting, and possible board hearing. Students will be assigned to ISS one of two ways. Teachers may snap suspend a student to the ISS room for minor behavior infractions which disrupt the learning of other students in the classroom. This suspension will be for the duration of the instructional period of that class. Teachers will follow up this suspension with a call home to the parent or guardian explaining the behavior which resulted in the student being sent to the ISS room. A behavioral referral will be completed by the teacher and sent to the ISS staff person with a recommendation for any further action by administration. Administration may assign students to ISS in lieu of out-of-school suspension, for periods up to 10 days.

## **INTERVENTION MEETINGS**

The intervention meeting will include an administrator, counselor, teachers the student has, parapro staff when needed, and special education director when required. Parents are invited to the meeting. The meeting takes place at the scheduled time even if the parents/guardians do not attend. The parents are notified of the intervention form/plan for the student if they are not in attendance.

The Intervention team process becomes an ongoing activity of planning, evaluating, and revising the support that is offered to students experiencing academic and behavior difficulties in school. There can be a learning intervention for students who are not achieving. Students who continuously do not do work and are failing can also be scheduled for an intervention. Setting goals for the student's both academic and behavioral are a major component of the process. Students might even be removed from a particular educational setting entirely as a strategy for improvement.

## **OUT OF SCHOOL SUSPENSION**

The student is suspended from the entire school program and its environment. This is a serious penalty that does not permit the student to attend classes, be in the building or on the grounds, nor participate in any school sponsored function, both co-curricular and interscholastic on or off campus. Teachers will allow missed work to be made -up. Upon returning to school, it is the student's responsibility to contact individual teachers to arrange make up work. A parent meeting with an administrator, and possibly other staff members, may be required prior to the student returning to school.

\*Students are further advised that all out of school suspensions from the home school will be applied to those students attending the Career Tech Center and vice-versa.

Weekend Participation: If Suspended on Friday, and the student is allowed to return to school the following Monday, he/she will be allowed to participate in activities on the following Saturday/Sunday. Students who persist in breaking school bus rules, or whose behavior endangers others on the bus may be suspended for an extended period of time, up to a semester at a time. At the beginning of each school year bus students are given a copy of bus rules. The bus driver reviews these rules with students during the first days of the school year.

## **BEHAVIORAL EXPECTATIONS AND SPECIFIC DISCIPLINARY ACTION**

The following code is a guideline the White Cloud administration will follow in maintaining discipline in the school and at school sponsored activities. Unusual situations may occur during the school year that may not be specifically listed in this handbook. These situations will be handled promptly by school officials with consequences that are warranted by the behavior. Our White Cloud P.R.I.D.E. matrix that is displayed on the cover of this handbook and throughout the schools enhances the environment of all our students and staff.

Students are advised that all school rules and regulations apply to all school activities, including attendance at home/away contests, field trips, and during school hours either on or off school grounds. Parents are further advised from granting student permission that would be in violation of the rules within.

Students are reminded that all school related extracurricular activities, including the Graduation Ceremony, are privileges reserved for those individuals whose behavior throughout the school year demonstrates maturity and good judgment. Illegal behavior, either during school related activities or out of school, may lead to social or extracurricular activities suspension. When a student misbehaves, it can have devastating repercussions not only to themselves, but also our school and community. If students are found to be in serious violation of school rules or civil law, the Principal will address that student’s future participation in extracurricular or social school events. The Principal will make a recommendation to the Superintendent who will render judgment in the student’s case.

The following guidelines will be used by administrators when deciding student disciplinary action. Administrators may alter these guidelines to fit particular circumstances of student behavior. In cases where suspension is listed

as a possible disciplinary action, the principal shall have the authority to determine the length of the suspension [from One to Ten days] based on the circumstances of the violation, and the student's citizenship record. Accumulation & Problematic behavior that interfere with the learning process could result in a change of schedule and/or placement or referral to the Board of Education for expulsion. Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

## **TRANSPORTATION POLICY**

The bus driver has the authority to enforce all rules of safety and conduct which may be necessary while students are on the bus. The school buses may be equipped with video cameras in order to monitor student behavior. The videotapes will be used to enforce the bus (transportation) rules. Suggestions from the students or parents/guardians that will improve our bus routine are always welcomed. The following rules are to insure the safety of all students who ride the White Cloud buses:

Bus safety rules: School bus drivers have a challenging job to assure the safety of each student every day. The help and cooperation of students is required so that a safe ride can be accomplished. Students may be expected to walk at least one-half mile to an established bus stop. The following rules are in effect. Parent’s help in reviewing these rules with students, prior to the first day of school, is very important. Please keep in mind that these rules are general guidelines and expectations for student behavior.

Since rules cannot be written for every possible circumstance, students are expected to follow the direction of the driver and be cooperative in situations that may occur. The bus driver is granted the authority to enforce bus rules and to direct students for the safety of all who ride the bus. Suggestions from students and parents that will help improve our bus routine are always welcome.

### **Students are expected to:**

1. Follow all driver’s directions the first time given.
2. Be on time. The bus cannot wait for those that are late. Students should be at their stop five minutes before the normal pickup time.
3. Keep off the roadway when waiting for the bus.
4. Cross in front of the bus far enough that you can see the driver’s face when loading and unloading.
5. Carefully enter and leave the bus. Watch their step and refrain from crowding or pushing others.
6. Occupy the seat assigned by the driver.
7. Remain in their seats while the bus is in motion.

10. Do not touch any of the controls in the bus unless directed by the driver.

11. Help keep the bus clean and orderly. Food and beverages are not allowed on the bus.
12. Respect other students and the driver. Profane language, fighting and other types of misconduct will lead to Suspensions from the Bus, In-school Suspensions (ISS) or Suspensions from school (OSS).
13. Not shout; engage in horseplay or any other activity that could distract the driver.
14. Remain quiet at the railroad tracks.
15. Follow all established school rules regarding proper behavior.
16. Leave the bus only with the driver's consent or direction.
17. Get off the bus only at home unless a written notice from home is approved in advance by the building principal.
18. Students are not to use PCD's (Personal Communication Devices) on the bus.
19. Skateboards/scooters are not allowed on the bus.
20. Sports related equipment must be in a bag that you can hold on your lap and not interfere with another student's ride to school.
21. Band instruments must be in a case that can be held on your lap and not interfere with another student's ride to school.
22. Basketballs and other sports related equipment are not allowed on the bus unless they are in a bag that can be held on the lap and not interfere with another student's ride to school.
23. Inform the driver when absences are planned.
24. Do not bring animals or other pets on the bus.
25. Report any damage of the bus to the driver immediately.
26. A district administrator may suspend a student from riding the bus. The State of Michigan general school laws relating to transportation state that any transported pupil may be suspended from the privilege of riding a school bus for any willful disobedience of rules as the school bus is considered school property.

**Extracurricular trips:** All regulations stated for regular transportation will be followed. Violations of any of the bus regulations will be handled in the following manner:

**1st Violation** Written warning from the bus driver.

**2nd Violation** Suspension from riding the bus for any extracurricular trip for the remainder of the school year.

**Field trips:** Field trips will be offered at various times. The objective of field trips will be to extend students' education beyond the classroom. The following guidelines will be followed:

1. Arrangements for approval, transportation, and notice to parents/guardians and students will be made at least two (2) weeks prior to the field trip.
2. Transportation will normally be by school bus. The use of private cars is discouraged and will be approved only under extenuating circumstances.
3. There will be a minimum of one (1) adult supervisor to each fifteen students (15) students. Some trips require a greater number of adult supervisors.
4. Students will abide by all school regulations while on the trip as if they were in school.
5. Overnight trips are discouraged, however, if there should be an overnight trip request, the request must be submitted to the Superintendent for approval.

**Procedures for spectator buses:**

1. All students will sign the bus list in the office by NOON the day of the trip.

\*NOTE: When more than one bus is taken, lists will be posted in the gym lobby of who rides which bus. Once the list is posted, no switches will be made. Cheerleaders will divide so there are equal members of cheerleaders on each bus.

**Request for change of bus policy:** It is the responsibility of the district to provide safe transportation to school and to return the student at the conclusion of the school day. In the interest of student safety, the following policies are to be implemented:

- 1. LONG TERM REQUESTS:** In cases where parents must arrange for the care of their child other than their residence, parents/guardians will submit in writing, to the building principal, a request for transportation to an alternate bus stop at least one day preceding any proposed changes. The request will include the name of the person at the alternate residence, the exact street address and the days of the week the student is to ride (every Monday and Friday, for example). These requests will be considered with the director of transportation and will be honored if there is space on the bus and if it does not cause a deviation from the regular routes.
- 2. EMERGENCIES:** The district recognizes that situations may occur where a student cannot return home or to another destination on his/her bus run. In these cases, parents should arrange to pick the child up before school dismisses or to have a responsible person meet the child at their home or regular bus stop.

These rules apply to all people riding school buses at all times, including field trips and transportation to athletic or other co-curricular events.

## **TRANSPORTATION DISCIPLINARY PROCEDURES**

Violations of bus rules may result in:

### **First Offense**

Verbal warning by bus driver. Bus conduct form sent home with student to be signed by parent/guardian and returned to driver before student is allowed to again ride the bus.

### **Corrective Bus Disciplinary Procedures**

Depending upon frequency and severity of violations(s), students may receive verbal warnings, conduct reports, suspensions from school and bus suspensions from one (1) to ninety (90) days, or more. Proper behavior on the bus is very important for the safety of all students.

Other disciplinary measures may include but are not limited to: In-School Suspension, Out of School Suspension, Bus Clean-up, Restitution for Damage and reports made to the School Liaison Officer. All disciplinary measures are given at the best discretion of administration. Students have the right to appeal decisions made in the above-mentioned items, according to existing board policies on due process.

Requests for students to attend birthday parties, slumber parties, etc., will not be honored **UNLESS** the student would remain on his/her regular bus, but get off at a different house or bus stop. Any request would have to be in **WRITING 3 DAYS PRIOR.**

## **UNAUTHORIZED ASSOCIATION BETWEEN HIGH SCHOOL AND JUNIOR HIGH SCHOOL STUDENTS**

Warning/Detention/Administrative Action

### **VANDALISM**

Police Report, Restitution, Suspension or Expulsion

### **WEAPONS FREE SCHOOL ZONE**

The Board of Education of White Cloud public schools, as both an employer and a Public School District, is concerned with and interested in protecting the health, safety, and welfare of students, employees and visitors. The Board recognizes that school buildings, facilities, vehicles, grounds and other school property are best utilized in the educational process in the absence of threats to physical well-being and safety, by individuals possessing weapons.

Accordingly, the Board of Education of White Cloud Public Schools (or the superintendent, principal or other District official as may be designated by the Board) shall permanently expel a pupil from attending school in the School District, if the pupil possesses a weapon in a weapon free school zone. Such expulsion is mandatory, unless the pupil establishes, in a clear and convincing manner, at least one of the following:

- 1) That the object or instrument possessed by the pupil was not possessed for use as a weapon, or for indirect delivery to another person for use as a weapon;
- 2) The weapon was not knowingly possessed by the pupil;
- 3) The pupil did not know or have reason to know that the object or the instrument possessed by the pupil constituted a weapon or dangerous weapon; or
- 4) That the weapon was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

### **Criteria for Reinstatement:**

The designated committee and this Board of Education shall consider at least the following factors when a petition for reinstatement is submitted:

- 1) Whether the reinstatement would create a risk of harm to other pupils or school personnel;
- 2) Whether reinstatement would create a risk of School District or individual liability for the School Board or School District personnel;
- 3) The age and maturity of the individual;
- 4) The individual's school record before the incident that caused the expulsion;
- 5) The individual's attitude concerning the incident that caused the expulsion;
- 6) The individual's behavior since expulsion and the prospects for remediation of the individual;
- 7) The degree of cooperation and support from the individual's parent or guardian (if the petition was filed by a parent or guardian) as well as any support which may be expected from a parent or guardian, if the expelled student is reinstated.

Petitions for reinstatement from students expelled by another Board of Education shall not be processed if that student has not first submitted a petition for reinstatement to the expelling Board. This School District will only consider reinstatement, to the extent required by law, upon receiving written verification of the denial of the student's petition for reinstatement by the expelling Board.

**Conditions of Reinstatement:** The School Board may require an expelled student (and if the petition was filed by a parent or legal guardian) to agree in writing to specific conditions before reinstating the student. These conditions may include, but are not limited to:

- 1) Signing a behavior contract;

- 2) Participation in or completion of an Anger Management Program or other appropriate counseling (at the expelled student's expense);
- 3) Periodic progress reviews; and
- 4) Specific immediate consequences for failure to abide by any conditions of reinstatement. Recordation and Referral: All expulsions pursuant to this policy shall be entered and preserved on the student's individual permanent record. This information shall be disseminated, as part of a student's permanent record, to any other public or private (primary or secondary) school where the expelled student seeks to enroll and where this District is requested, or otherwise required, to forward or release records to that institution. The School District shall immediately report any incident involving the possession of a weapon or dangerous weapon on school property, in writing, to the pupil's parent or legal guardian (if the pupil is unemancipated) and to the local law enforcement agency.

The School District shall, within three days of expulsion, refer the expelled student to the appropriate County Department of Social Services or County Community Mental Health agency. The School District shall also notify the individual's parent or legal guardian or (if the individual is at least 18 years old or otherwise legally emancipated) notify the expelled student of the referral. The School District shall also refer for prosecution conduct by any individual that is believed to violate state or federal laws establishing weapon free or gun free school zones.

**Petitions for Reinstatement:** Pupils expelled pursuant to this policy (or their parent or legal guardian if the pupil is unemancipated) may petition the Board of this School District for reinstatement to school. An individual who was in grade 5 or below when expelled may petition for reinstatement at any time after the expiration of 60 school days subsequent to the date of expulsion. Individuals who were in grade 6 or above at the time of expulsion may petition for reinstatement at any time after the expiration of 150 school days subsequent to the date of expulsion. The School District will make available the proper forms to those who wish to petition for reinstatement. The petitioner shall provide an authorization and release for the Board of Education and its designated committee to request, receive and review all student records and student record information maintained by any public or private school, which the petitioning pupil has attended. If such records are already in the possession of this District, the parent/guardian or student (if emancipated) shall furnish written authorization for review of the same by the committee and Board of Education members.

Upon receipt of a petition for reinstatement, the District shall do the following:

- 1) Not later than 10 school days after receiving a petition for reinstatement, the School Board shall appoint a committee to review the petition and any supporting information submitted by the parent or legal guardian (if the expelled student is unemancipated) or from the expelled pupil;
- 2) The committee shall consist of two School Board members, one school administrator, one teacher, and one parent of a pupil attending this School District;
- 3) The Superintendent of the School District may prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement;
- 4) Not later than 10 school days after all members are appointed, the committee shall review the petition and any supporting information, including any information provided by the School District, and shall submit a recommendation to the School Board on the issue of reinstatement;
- 5) The recommendation of the committee shall be for unconditional reinstatement, for conditional reinstatement, or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement; and
- 6) The Superintendent shall be allowed to attend meetings of the committee appointed by this Board of Education when considering petitions for reinstatement.

**Reinstatement:** If the School District decides to reinstate the expelled pupil, those who were in grade 5 and below at the time of the expulsion shall be reinstated before the expiration of 90 school days subsequent to the date of expulsion, unless a longer period of expulsion is required pursuant to the Federal Gun Free Schools Act. For students in grade 5 and below who have violated the Federal Gun Free Schools Act and who are accordingly subject to mandatory one-year expulsion, the superintendent may submit his or her own recommendation to the Board of

Education, in conjunction with the designated committee's recommendation, to modify the one-year expulsion requirement (on a case by case basis) to a period of time not less than 90 school days. Individuals in grade 6 or above at the time of the expulsion shall not be reinstated before the expiration of 180 school days (one legal school year) after the date of expulsion. Application to Handicapped Pupils: This policy shall be applied in a manner consistent with the rights secured under federal law to pupils who are determined to be eligible for special education programs and services.

#### **WEAPONS or OTHER HAZARDOUS ITEMS - MEETS or EXCEEDS WEAPONS FREE SCHOOL ZONE**

Possession of a gun, knife, or other weapon (which meets or exceeds the weapons free school zone criteria) on person, in car, or in locker. All cases will be reported to Law Enforcement authorities and be recommended for Expulsion.

For purposes of application and enforcement of this policy, a BB gun and a Paint-Ball gun is considered to be a "firearm".

#### **ZERO TOLERANCE FOR GANG ACTIVITY**

The White Cloud Board of Education has adopted a zero tolerance for gang related activity. Students associated with these activities are subject to face suspension or expulsion. Activity will be defined as any dress, symbolism or graffiti, known to be associated with gang activity under the advice of the Newaygo County Pride Law Enforcement Organization.

The above categories have been identified as types of conduct, which interfere with the good order of the school system and proper functioning of the education process. The list is not all-inclusive and does not limit the authority of school personnel to deal appropriately with other types of conduct. Additional rules and regulations may be needed from time to time to ensure the safety and rights of individuals and the good order of the school system. Adequate notification of such additional rules shall be made by the administration to the faculty, staff and student body. This code shall be reviewed and revised, if needed, each year by a committee composed of School Board Members, the Principal, and Faculty.

## **GRADES**

White Cloud Jr/Sr High School has a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. In general, students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may place a different emphasis on these areas in determining a grade and will inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, s/he should ask the teacher.

The school uses the following grading system:

A, A- = Excellent achievement

B+, B, B- = Good achievement

C+, C, C- = Satisfactory achievement

D+, D, D- = Minimum acceptable achievement

F = Failure

I = Incomplete

CR = Credit

NC = No Credit

X = No Credit because of Attendance

## **VARIABLE GRADES**

A variable grading system will be used. The purpose of variable grades is to encourage students to take more challenging courses. The two levels of grades are:

Weighted	Non-Weighted
A= 5.0	A= 4.0
B= 4.0	B= 3.0
C= 3.0	C= 2.0
D= 2.0	D= 1.0

## **GRADE POINT AVERAGE, RANK IN CLASS**

Honors and High Honors will be determined by the weighted G.P.A. through seven (7) semesters. All courses shall be included in determining a student's grade point average and rank in class. Exceptions include credit/no credit courses, home school grades, correspondence grades, or grades received before 9th grade.

Honors and High Honors will be recognized starting with the class of 2019 and beyond. The GPA that will be honored will be based off the 5.0 weighted GPA. Valedictorian and Salutatorian will be recognized, but speeches will not be required. Any student with High Honors will be given the option to speak at graduation. They will have the opportunity to submit a copy of their speech to the building administrator (Principal) for review by a specified date, and if necessary, a selection process may be utilized to narrow down the speakers.

Weighted 5.0 GPA: 3.5 to 3.7999 = Honors

Weighted 5.0 GPA: 3.8 or higher = High Honors

Students receiving High Honors will receive a Gold cord, and students receiving Honors will receive a Silver cord. Honors cords will be worn at graduation. The Honors cords will be given to students at the graduation practice.

White Cloud High School reserves the right to change the way classes are weighted at any time.

Only White Cloud Course Offerings will qualify as a 5.0 class.

Any senior receiving an "F" or not earning credit (NC or X) in a class for which they are enrolled during their 12th grade year (includes 1st semester and 2nd semester), will not be eligible for an honor cord, regardless of his/her cumulative G.P.A.

## **GRADUATION & TRANSFER STUDENTS**

Students who transfer to White Cloud High School must meet all White Cloud graduation requirements to be eligible to receive a diploma. If, in the belief of the administration, a student is transferring to White Cloud for the sole purpose of taking advantage of favorable graduation requirements, particularly in the last semester of school, the principal may deny that student a diploma.

Transfer students' grade point average will be computed only for those classes accepted by the principal. Transfer students may be issued, at the discretion of the administration, "credit" rather than an assigned grade for work completed at another school. The same procedure may be applied to home school grades and credit. Transfer students must have completed three complete semesters at White Cloud High School in order to qualify for consideration for Valedictorian/Salutatorian or for recognition as High Honors or Honors students.

▮ ▮ Students transferring from other schools may be eligible to have their graduation credits prorated. Determination will be made by the counselor.

Transfer students who transfer to White Cloud once a semester has begun may or may not be granted credit. Each student's situation will be evaluated and a final determination made by the principal.

In the case of a White Cloud student who transfers to another district during the senior year, White Cloud will not award a diploma to that student if graduation requirements are completed in the other school. Students must be in attendance in this school to receive a diploma.

## **GRADUATION CEREMONY**

Participation in the graduation ceremony is a privilege, not a right. In order to walk at graduation, Seniors must be in compliance with our attendance policy during their senior year for ALL scheduled classes. Please refer to the Attendance Policy. In the event that a graduating senior's behavior is deemed by the principal as blatantly destructive and/or objectionable, the student may be excluded from the graduation ceremony. A student who has fulfilled his/her graduation requirements will receive their diploma.

## **HOMEWORK**

Homework is a key to successfully completing any course of study. Homework is important. Teachers will assign homework on a consistent basis. Students will frequently be given time in each class to complete some homework. Students are expected to turn in their homework on time and complete. Failure to turn in complete/turn in homework teachers and/or principal will assign homework lunch detention(s) until homework is finished. (IEP language will be followed for special education students). Homework Requests, in case of extended illness or out of school suspensions, assignments may be requested through the office. Please check Google Classroom for assignments for each class. If work is not available in Google Classroom, please contact the teacher, then the office if needed. The teacher shall be given at least 24 hours to gather requested work.

## **HONOR ROLL**

A list of names of students maintaining a "B" average in all subjects is published at the end of the marking period. Students should strive to better their grades and become a member of this select group. Any grades below a "C" will make you ineligible for the honor roll.

## **INCOMPLETES**

All incompletes will have to be made up within 2 weeks after the close of the marking period in which it was received or the incomplete becomes an "F". Extensions of this time period can be made by the building principal if there are extenuating circumstances.

## **PARENT CONFERENCES**

Parents/guardians may make appointments for conferences with teachers, the counselor, or the principal by telephoning the school office.

## **REMIEDIATION**

Students at White Cloud High School will only be allowed to retake a class one time. If the student is unsuccessful on the second attempt to pass the class, they will need to find an alternate method to obtain this credit. Special Education students will still have their schedules dictated by the IEP process.

## **REPORT CARDS**

Twice during each Semester, a report card is produced. Unsatisfactory report cards and progress forms should result in energetic steps being taken by you and your parents/guardians to correct your progress. Teachers and administrative personnel will be happy to confer with parents/guardians about unsatisfactory work and study habits.

## **SKYWARD PARENT ACCESS**

Skyward is the student administration system that we use to track student grades, attendance, and discipline. This information is available to parents/guardians via the web. If you would like access to your child's records you need to complete an application and submit it to one of our building secretaries. After completing the application return it to your child's school and your account will be created for. Forms are available in the office.

## **STUDENT ASSESSMENT**

The Michigan Merit Exam (MME), which will include the SAT for high school juniors, will replace the Michigan Educational Assessment Program assessments at the high school level.

This means that all 11th graders will take this state assessment test in March of each year. It will provide students with a SAT score report that they can use to apply to a college or a university. SAT scores are used during the college admission process to assess high school students' general educational development and their ability to complete college-level work.

The MME is made up of the national ACT and Work Keys tests in mathematics and reading, plus additional assessments in the areas of mathematics, science, and social studies.

MME testing is divided into three parts. The SAT will be administered in a full day session and the Work Keys and Michigan mathematics tests will be administered on a later day. The Michigan science and social studies tests will be given in one session at times scheduled by the District Testing Coordinator with make-up sessions for these tests scheduled for exactly two (2) weeks later.

Parents and students should watch announcements and email for announced testing dates and times.

Eighth, Ninth, and Tenth grade students will have the opportunity to take the PSAT.

Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs.

Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives.

Any high school student who wishes to test-out of a course in which s/he is not enrolled may do so by taking the final examination for the course and receiving a grade of at least C+ or by demonstrating mastery of the subject matter as determined by the assessment used in lieu of a final examination. Credit for a course earned by a student through this process may be used to fulfill a course or course-sequence requirement and be counted toward the required number of credits needed for graduation but may not be used to determine the student's GPA.

Students may receive credit toward high school graduation who successfully completes, prior to entering high school, a State mandated curriculum requirement, provided the course meets the same content requirements as the high school course, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

Vocational and interest surveys may be given to identify particular areas of student interest or talent. These are often given by the guidance staff.

Students will not be required, as part of the school program or District curriculum, to submit to or participate in any survey, analysis, or evaluation that reveals information of a personal nature in accordance with Board policy and Federal guidelines.

Depending on the type of testing and specific information requested, parent (or student) consent may need to be obtained. White Cloud Public Schools will not violate the rights of consent and privacy of a student participating in any form of evaluation.

College entrance testing information can be obtained from the Guidance Office.

### **TESTING-OUT**

The Board of Education of the White Cloud Public School District acknowledges that some pupils may have acquired knowledge or skills at levels that would allow them to demonstrate a reasonable degree of mastery, as defined by the State as 77% or better, without taking specified courses. Further, Sections 1279b and e of the School Code of Michigan have been amended to allow such students to request in writing an opportunity to demonstrate such mastery, either through a written examination, written papers, projects, portfolios, or other comparable forms. It is the intent of the board to extend to all pupils the opportunity to demonstrate mastery in the range of courses offered at White Cloud Public Schools, and to allow for the most efficient use of instructional time. Per Michigan Department of Education guidelines, any student may request to test out of a required core academic class(es). In order to do so, students are required to submit a written request to the high school office one (1) week prior to the start of each semester, stating the class(es) that they are requesting to test out of. All requests will be submitted to the counselor for review and approval. The student must complete the testing out exam within the first (1st) week of the semester. The teacher will provide a syllabus for the content being taught in the course. The testing out exam would be completed at a mutually agreed upon time and place with the instructor during the testing out week.

The following policy statements apply:

1. No grade may be earned by testing out of a course; the notation "CR" will apply.
2. Credits earned through this provision will be counted as credit toward graduation.

### **WITHDRAWALS**

Students leaving our school do so for a variety of reasons. In all cases in which the withdrawal has not been decided upon by a conference between home and school, students must bring a note from a parent/guardian giving the reason for withdrawal. Withdrawal is not complete until the pupil has returned textbooks, cleaned out lockers, received clearance from the library, paid all bills, and checked through the guidance office. **STUDENTS WHO DROP OUT OF WHITE CLOUD HIGH SCHOOL AND DO NOT ATTEND ANOTHER SCHOOL WILL NOT BE ALLOWED TO RE ENTER UNTIL THE BEGINNING OF THE NEXT SEMESTER, AND ONLY BY PERMISSION OF THE PRINCIPAL.**

### **ATTENDANCE PROCEDURES**

Attendance is an integral component in a student's education. Learning takes place in a classroom, which cannot take place through textbooks alone. Regular attendance is always essential for junior and high school attendance records. Therefore, White Cloud Public Schools have established minimum standards of attendance.

### **ATTENDANCE REQUIRED BY LAW**

Students who are under the age of sixteen are required to attend school under the State Compulsory Attendance Law. Failure to attend school by a student less than 16 years of age will result in a referral to the appropriate authorities for legal action in accordance with this law.

### **ATTENDANCE/TRUANCY POLICY**

Truancy is when a student has missed 10 days of school during the school year, or has had a continuation of a school attendance problem from past years. Two or more periods of the day is considered to be a significant part of the school day and for student attendance purposes will be counted as an absence.

A. 4 Days Absent: Attendance letter mailed home.

B. 8 Days Absent: Truancy Letter mailed home and meeting with parent(s) or guardian(s) scheduled.

- C. 10 Days Absent: Referral to the Newaygo County Truancy Program and submit to NCRESA Truant Officer will be contacted and investigated.
- D. If absences continue: Case sent to Prosecutor for review: Court date scheduled for Truancy Diversion Program or Traditional Juvenile Justice Proceedings.

### **ATTENDANCE POLICY FOR CREDIT:**

1. Students are required to attend all their scheduled classes. They must be in attendance the first thirty (30) minutes in order to be considered present for class.
2. Students will be allowed eight (8) absences in each class period during a semester. Parents will be notified by letter on the student's 4<sup>th</sup> and 8<sup>th</sup> absence.
3. On a student's ninth (9th) absence, the student will be required to achieve at least a 77% on the final exam to have his/her grade calculated for the term. If the student does not attain a 77% grade on the exam, the student will receive an "X" (no credit) for a final grade. Students earning an "F" in the class will receive that grade.
4. Absences resulting from long-term illness with medical documentation will be evaluated on an individual basis.

### **ATTENDANCE/LAB TIME - VIRTUAL**

While virtual school attendance is not quite the same as brick-and-mortar schools, there are still expectations surrounding the academics. Families may decide how virtual classes merge with family life. The lab will be open for 25+ hours a week and families may decide when to utilize that service. The standard expectation of work time is 6 hours 4 days a week. At this pace the average student should complete a class a month. The instructor will be monitoring and reporting the progress weekly. Should a student begin to fall short of completing work and reaching goals, lab hour attendance may become mandatory. Students are expected to sign in and sign out of the lab.

**Unexcused/Unplanned Absences are calculated in the eight absences.**

**Excused/Planned Absences NOT calculated in the eight (8) are:**

- A. School Related Absences
- B. In-School Suspensions
- C. Out of School Suspensions
- D. Absences due to a death in the immediate family
- E. Documented Court Appearances
- F. Documented Medical
- G. (3) Three Consecutive Pre-Arranged Absences (*Pre-planned absences*) with Pre-approved by Principal & Teacher (*procedure listed below under Pre-Arranged Absences*)

Parent(s) or guardian(s) are required to call the attendance hot-line (231) 689-3322 explaining the absence.

### **EXCUSED/PLANNED ABSENCES**

Students are expected to be in school during all regularly scheduled classes. Examples of excused/planned absences include but not limited to:

- Doctor's Excuse/Note, Hospitalization, Medical Emergency;
- Court-ordered appearances;
- Pre-arranged medical/dental appointments;
- Pre-arranged and approved family vacations;
- Other as approved by the school administrator.

## **UNEXCUSED/UNPLANNED ABSENCES**

Students are expected to be in school during all regularly scheduled classes. Examples of unexcused/unplanned absences include but not limited to:

- Illness/Sick day; (A doctor's note will ensure that an absence is "excused")
- Failure to pre-arranged medical/dental appointments;
- Failure to pre-arranged and approved family vacations;
- Skipping.

## **CLOSED CAMPUS/LEAVING SCHOOL**

Students are prohibited from leaving campus during the school day unless authorization is given by the principal. Students are not authorized to leave campus for lunch. Pre-arranged parental permission is needed for a student to sign themselves out of school.

A parent note or phone call is required if students plan to leave anytime during the day. A parent note or phone call covering a multitude of days will not be approved. Students MUST notify the office and SIGN OUT as they leave or the absence will be unexcused. If a student needs to leave due to an emergency or illness, they must call a parent or person on their emergency card to get approval.

Students who are ill should not be in school. If, however, illness should occur while at school, the student should report directly to the office. Arrangements will then be made through the student's parents or other responsible party for transportation home.

## **COLLEGE DAYS**

Each junior or senior will be allowed two days each year to use as a college day with "College Day Absence" status and will not be counted absent for this day. The student must pre-arrange with the appropriate form through the office, at least one day before the absence. The student must also obtain a form from the office for an official at the college to sign to confirm the visit. This confirmation form should be turned in to the office as soon as the student returns to school. The principal maintains the right to deny permission for an excused college visit at any time.

## **MAKE-UP WORK**

In all cases of make-up work, it is the obligation of the student to obtain the assignments and make the necessary arrangements to complete the work. All make-up work is to be completed and turned in within a length equal to the time you were absent, but not to exceed five school days, unless other satisfactory arrangements can be made with the teacher(s) for whom make-up work must be completed.

## **PARTICIPATION IN SCHOOL FUNCTIONS**

Any student absent any portion of the day, without prior approval, will not be allowed to participate in or attend any school function on that day. Reminder, athlete's eligibility is addressed by the Athletic Handbook.

## **PERFECT ATTENDANCE**

A student that is present at school every day for the entire school year. School related functions do not count against perfect attendance.

## **PRE-ARRANGED ABSENCES**

Pre-arranged absences forms, which may be obtained in the office, are required for all absences up to three (3) school days a school year (including family vacations). Arrangements for an absence of this type should be

completed ten (10) school days prior to the absence. Failure to properly submit an advance absence form will result in unexcused absences. These absences will be excused at the discretion of the school administrator and only if the student is in good academic standing.

### **SCHOOL SUSPENSIONS**

Suspensions from school, either in or out of school, are not considered as absences. During out-of-school suspensions, schoolwork may be made-up for credit within the normal time limits for absences. During in-school suspensions, students are in school all day and all schoolwork is given credit. Suspensions from the Tech Center may be enforced at the high school and vice versa.

### **TARDY POLICY**

Tardiness to class tends to become a habit. Punctuality is one of the traits most desired by future employers. Students are to be in their seats or at their assigned workstations when the tardy bell rings. There is sufficient time between classes to handle the necessities (use of lavatories, social conversations, etc.) and arrive at your next class on time. Excessive tardiness is unnecessary and is considered to be disobedience in the careless regard for school rules and regulations. The following procedure will be in effect regarding tardiness:

All students who are tardy to class are to be admitted to class. All tardiness, with the exception of those which a student has a properly completed pass from another staff member, will be recorded by the teacher in Skyward. Teachers will complete a disciplinary referral for the second tardy and each additional tardy.

Students who are more than ten (10) minutes tardy to class, with exception of those returning from an excused, pre-arranged absence (checked out for a doctor's appointment, etc.) would be marked absent. Such absences will be classified as unexcused and may lead to disciplinary action.

## **EMERGENCY PROCEDURES**

### **FIRE DRILLS**

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building. The alarm signal for fire drills consists of a buzzer and flashing lights on the buzzer system.

### **PROCEDURES**

1. The fire or fire drill will sound with the fire signals flashing in the hallways.
2. Students are to walk in an orderly fashion out of the classrooms and away from the building. Students should not stop to put coats or pick up materials.
3. Students are to exit via the nearest outside exit (see fire evacuation map).
4. Move to an area 100 feet away from the building. Teacher should take roll and then remain in a group awaiting the signal to return to class.
5. The "all-clear" signal will be given.
6. Procedures may vary depending on circumstances.

### **TORNADO DRILLS**

Tornado drills will be conducted during the tornado season using the procedures provided by the State. The alarm signal for tornadoes is different from the alarm signal for fires and lock down drills and consists of a voice prompt over the public address system to head to a safe area because a tornado has been spotted in our area.

## PROCEDURES

1. A warning signal will be given.
2. Move to a shelter area immediately (see tornado evacuation map)
3. Students in the hallways should sit on the floor facing the center of the hall. Please remain as still as possible, 2 or 3 deep, depending on the amount of room available. Leave an aisle open in the middle of the hall.
4. Assume the “protective position” - (crouch on knees and elbows with hands protecting neck and head).
5. Students must remain quiet and should be prepared to listen to additional instructions.
6. The “all-clear” signal will be given.
7. Procedures may vary depending on circumstances.

## SECURE MODE, HOLD, LOCKDOWN DRILLS

These drills are generally where the students are restricted to the interior of the school building and the building secured will occur a minimum of two (2) times each school year. The alarm system for a secure mode drill is different from the alarm system for fires and tornadoes and consists of an administrator telling the school over the public address system to go into lockdown mode.

## PROCEDURES

All doors locked. Students and staff are practicing the Secure Mode, Hold, and Lockdown (run, hide, fight) principles. These drills typically focus on the hide portion of the run, hide, fight, however, staff will be explaining what to do in an event of a real threat. See the diagram below for information on each type.
